Over one million people watched my first docu-series, Broken Brain, but the conversation around this important topic is FAR from over. I'm so excited to share my new docu-series, Broken Brain 2: The Body-Mind Connection.Two years ago, I discovered that I was dealing with toxic black mold in my house that triggered a cascade of events leaving me nearly bedridden and sicker than ever.

Broken Brain

The title The Broken Brain is really a misnomer. Hyman says it's actually the whole body that is broken, and dysfunctions elsewhere cause problems in the brain. The standard medical approach of "name it blame it tame it (with drugs)" is misguided. There is a new paradigm.
